

thinline

la doga + sottile del mondo

Con Thinline il classico pannello a doghe acquista forza ed eleganza espressiva divenendo un vero e proprio elemento di arredo.

Grazie alla fresata da 3,5 mm, il sistema consente tutte le funzioni richieste ad una parete attrezzabile, con il valore aggiunto di una eleganza minimale sottolineata dalla scomparsa degli inserti metallici all'interno della doga.

THINLINE, THE THINNEST SLAT IN THE WORLD. With Thinline the traditional slatted panel gets so resistant, elegant and expressive that it becomes a real furnishing element; thanks to the ingenious millings of 3,5 mm, this system permits all the functions requested to a modular wall, with the added value of minimalistic elegance pointed up by the absence of the metal elements inside the slat.

Ks

Il pannello Thinline, nella versione KS (King Size) viene proposto nel formato maxi di mm 2407 x 1200 ed è disponibile in 6 colori di melamminico.

The Thinline panel, in the KS version (King Size), is provided in the big size mm 2407 x 1200 and it is available in 6 colours of the melamine chart.

melamminici Ks melamminici Ks

Qs

Il pannello Thinline nella versione QS (Queen Size), è proposto nel formato di mm 2287 x 1000 ed è disponibile nei 10 colori di melamminico.

The Thinline panel, in the QS version (Queen Size), is provided in the size 2287 x 1000 and it is available in 10 colours of the melamine chart.

stampa digitale digital print

È possibile effettuare una stampa digitale che riproduce immagini e comunicazioni pubblicitarie direttamente sul pannello. Grazie alle dimensioni ridotte delle fresature, il progetto grafico iniziale non viene minimamente alterato.

It is possible to provide a digital print of an image or an advertisement on the panel. Due to the small dimensions of the grooves, the original graphic project is not at all altered.

laminati laminates

Viene offerta la possibilità di rivestire i pannelli Thinline, sia nella versione KS che QS, con i laminati contenuti nella mazzetta ABET Print divisi nelle tipologie tinte unite, serie legni e serie metalli.

It is offered the chance to coat the Thinline panels, either in KS or QS version, with the laminates included in the ABET Print colour chart, divided into three finishes: plain colour, wood and metal.

I ripiani sono realizzati in melamminico con bordo ABS 18 mm e sono disponibili nelle 10 finiture per il melamminico incluse nella serie QS e nelle 18 tinte verniciate della cartella colori.

These tops in melamine have an ABS edge (thickness mm 18) and they are available in 10 finishes for melamine included in the QS series, besides the 18 varnishings of the colour chart.

thinline

Una delle caratteristiche innovative del pannello Thinline è la possibilità, a differenza del tradizionale pannello a doghe con inserto in alluminio, di poter effettuare operazioni di sagomatura, bordatura e verniciatura come un normale pannello.

One of the innovations of the Thinline panel is the possibility of being shaped, edged and varnished as a regular panel, unlike the old slatted panel with aluminium inserts.

thinline

thinline

> I pannelli Thinline, grazie alle dimensioni ridotte delle loro fresature, non interferiscono con l'immagine generale prodotta dagli articoli in una superficie espositiva.

The small dimensions of the grooves of the Thinline panels do not distract the visitor's attention from the items displayed in the exhibition area.
